

Furnace Cleaning and Chimney Cleaning Application

This winter we are happy to announce a furnace cleaning and chimney cleaning program. This is part of our focus on prevention of furnace operating problems and fire prevention. Residents in need will meet income guidelines for Energy Assistance.

As part of this focus the Old Saybrook Fire Department will also be giving out information and free smoke detectors to residents in need on February 25 between 11am and 1pm at our Social Service Help Day held at Grace Church. No application is needed for the smoke detector but please bring proof of residency and note that we are limiting one smoke detector per household.

Please fill out the information below to apply for funds available to clean your furnace or chimney if it has not been done in the past 12 months. You must own your home to apply for this program or if renting provide a copy of your lease that states that the tenant is responsible for this maintenance and obtain landlord written permission to perform work required from vendor. Please call for any questions.

Name: _____

Address: _____

Old Saybrook, CT 06475 Owner: _____ Tenant: _____
